BRUCELLOSIS – GWARTHEG YN LLOIA – ERTHYLU AR FAES Y SIOE BRUCELLOSIS – CATTLE CALVING – ABORTING ON THE SHOWGROUND

An animal calving at full term should be placed immediately in the approved isolation accommodation or returned immediately to its premises of origin after receiving permission from the Society.

If the owner wishes to return it to the cattle lines he may, at the discretion of the Honorary Festival Director or his nominee, arrange for a blood sample and vaginal swab to be taken privately and examined at an approved laboratory. If both the Rose Bengal Plate Test (RBPT) and microscopical examination of a smear made from the swab are negative, the animal may then leave isolation. Welsh Government will not be responsible for any fee or other charges incurred in this respect. Animals calving prematurely or aborting must immediately be placed in the approved isolation accommodation and the AHVLA at the Showground will be informed by the Office. If an animal calves or aborts before it can be isolated, full precautions must be taken to isolate and disinfect any possibly contaminated standings, bedding, utensils and vehicles.

The AHVLA will serve a BS 27 Isolation Notice on the owner or person in charge and arrange an investigation (by an OV) ensuring that the full range of samples is obtained. The animal under investigation will remain in isolation whilst on the Showground. Once fit to travel, it can return home or remain in isolation until the end of the Show. If the animal is moved before the BS 27 Notice is lifted, a Movement Licence will be required, obtained from the AHVLA. The AHVLA for the Show will notify the AHVLA of the Division of the registered premises of the circumstances of the abortion so that a further BS 27 can be served isolating the animal pending the results of further laboratory investigations.

All other bovine animals from the same registered premises will not be allowed to compete further in the Show until negative results for an RBPT and microscopical examination of the smear from the aborting animal have been received. The degree of direct and indirect contact between the animal(s) under investigation and all other cattle on the Showground will be assessed and appropriate measures taken.

BOVINE TB

All bovine animals attending the show (over the age of 42 days) will require a valid current TB test (tested within 60 day of the show dates) irrespective of the status of their holding.

BVD *NEW 2023 BVD REQUIREMENTS

Cattle must reside in a herd enrolled in a recognised BVD eradication programme e.g., Gwaredu BVD or have been tested individually for evidence of the BVD virus with a negative result. Vaccination against BVD is recommended.

Any outstanding accounts due to the Society may result in that exhibitor's tickets and passes being subsequently withheld. If a payment cheque for entries is returned from the bank, the Society MAY cancel the relevant exhibitor's entry for that year. Any bounced or stopped cheques will be charged a fee of £25. If Card payment is declined, the Society MAY also cancel the relevant exhibitor's entry for that year.

No prize money will be awarded for special prizes unless printed under the relevant section in the schedule.

5. **DYDDIAD CAU CYNIGION / CLOSING DATE OF ENTRIES Monday 3rd April 2023**

Particular attention is directed to the fact that dates stipulated for the closing date of entries will be very strictly adhered to. **Late entries will NOT be accepted.**

6. **CYFRIFOLDEB ARDDANGOSWYR / RESPONSIBILITY OF EXHIBITORS**

Exhibitors alone are responsible for the accuracy and eligibility of their entries. Entry fees are not returnable to an exhibitor who enters an animal in a class for which it is ineligible or for entries which are withdrawn after the date of entry has expired. Exhibitors are expected to behave responsibly at all times, any irresponsible misconduct or abuse of Health and Safety regulations by exhibitors to their exhibits, or towards any Society stewards will be dealt with as defined in the current Livestock Rules & Regulations. All exhibitors should note the Management of Health and Safety at Work Regulations (as amended) 1992, which requires co-operation and co-ordination between all exhibitors and the RWAS. The requirements on both are to carry out adequate risk assessments. It is then necessary to implement any procedures as required by the above legislation, and also inform all those concerned of these assessments and procedures. **Animals which are known to be wild or fractious by nature must not be brought to the Showground.**

Animals which are subject to restrictions under the Animal Health Act 1981 (as amended) or the Animal and Animals Products (Import and Export) (England and Wales) Regulations (as amended) will not be allowed onto the Showground.

Exhibitors in all sections (except goats) are not permitted to enter an animal in any class, which is to be judged by a person who has or had a financial or other interest in the animal, or which has stood in his or her yard. The onus of complying with this regulation rests entirely on the exhibitor. In all Interbreed Championships the onus rests on the exhibitor to stand down if the interbreed judge has or had a financial or other interest in the animal or if it has stood in his or her yard.

7. **DYDDIADAU GENI / DATES OF BIRTH**

The ages of the cattle are (except where otherwise specified) calculated on the first day of the Festival, but sheep and pigs will be duly classified by the age estimated from 1st January in each year. The exact date of birth of each animal must, wherever possible, be stated on the entry form, in order that the judges may take the actual ages into consideration in deciding upon the relative merits of the animals in each class.

8. CYFNEWIDIADAU / SUBSTITUTIONS

An exhibitor who has made an entry of sheep, pigs, goats or cattle in a particular class, will be permitted, up to the **17th April** to withdraw the entry of such animal and to substitute for it an entry of another animal in the **same class** which was his or her bona fide property at the time of his or her original entry. The additional fee will be £1.00 for each substituted entry. No substitutions will be accepted after 17th April (except as provided for under below Rule). Substitution changes must be provided in writing by email.

9. CYFNEWIDIADAU ARBENNIG / SPECIAL SUBSTITUTIONS

In the event of any animal duly entered becoming ineligible for exhibition in consequence of restrictions imposed by the Welsh Government/National Assembly for Wales Agricultural Department, the Board of Directors reserves the right to allow the owner of such animal to substitute another one for it or in exceptional circumstances such as TB give the exhibitor a refund. In the event of substitution after the Official Catalogue has gone to press, full particulars of the substituted animal shall be displayed on its stall or pen.

10. CLEFYDAU HEINTUS / CONTAGIOUS DISEASES

Any livestock exhibitor shall pay to the Society for costs incurred as and for liquidated damages if any animal which he or she exhibits is, to his or her knowledge, suffering from any contagious or infectious disease, and for each and every such animal if more than one.

Any animal found at the Festival incorrectly ear marked will be removed from the Showground. Exhibitors should note that in the event of a dispute the Society reserves the right to carry out DNA testing.

Exhibitors are invited to indicate on the entry form whether the entry is offered for sale. This information will appear in the Official Livestock Catalogue.

12. CYWIRDEB Y CAIS CYSTADLU A CHYMHWYSTER / CORRECTNESS OF CLASS ENTRY & ELIGIBILITY

No animal, even if eligible, can be entered in more than one section. All exhibitors and exhibits should be registered with their respective Breed Society where applicable. All exhibitors must have the physical ability, relevant experience and be competent to handle the animal in their charge at all times. It is a condition of entry that all stock handlers, and especially children, should only handle animals where they have the necessary strength and experience to cope with the said animal.

A camper van is considered the same as a caravan by the Society. Only one awning/gazebo (which must be attached to the caravan) per caravan is permitted. Sleeping in awnings/gazebos is strictly not allowed. To ensure compliance with Fire Safety Regulations all caravans will be required to be spaced six meters between caravan walls and three meters clear between associated equipment (e.g., car or awning) and the adjacent caravan. Exhibitors **MUST** state on the livestock remittance form if their vehicle will be used for accommodation. There will not be a fee for exhibitors using their vehicles for accommodation. Due to Health and Safety tents cannot be erected, under any circumstances, in any caravan parks. The Society will not be held responsible for any accidents to person/s erecting tents in unauthorized areas and they will be removed.
