The credit can be used to purchase additional products/entries without incurring an administration fee.

DUE TO INCREASING INTEREST WITHIN THE SHEEP SECTION, CAPACITY IS AT ITS MAXIMUM.

DOSBARTHU CORLANNAU · PEN ALLOCATION

The pen allocation will be as follows

Entries	Pens
1 - 2 entry	1 Pen
2 - 3 entries	2 Pens
4 or more entries	3 pens

This pen allocation is to ensure that all exhibitors and breeds are given a chance to show at the event. Exhibitors should ensure that they are not contravening animal welfare regulations when penning their sheep and consideration should be given on this matter when entering.

**It is recommended that sheep are housed with a maximum of two sheep per pen, due to the possibility of heat stress in very hot weather.

Upon arrival at the Show, exhibitors will only have those pens previously booked and paid for allocated to them. Pens will be allocated prior to the Show. Each pen is approximately 1.5m x 1.5m. Exhibitors will not be allowed to book any extra pens. If space is available, the Society will provide an area for exhibitors to store their tack.

All sheep entered in the sheep classification must be housed in the sheep lines and not on a tradestand.

NO PALLETS ARE TO BE PLACED IN PENS TO ELEVATE SHEEP.

No Exhibitor will be allowed access to the showground or sheds to set up their pens prior to Saturday 8am.

Any Exhibitor found to be interfering with or setting up pens prior to the show opening at Saturday 8am may face a disciplinary process.

GWELLT - STRAW

Sheep exhibitors will receive sufficient straw tickets upon arrival, when handing in their movement documents, one ticket per three exhibits (one ticket = 1 bale). Initial straw will be provided. No straw will be delivered on Thursday 25 July. Delivery times will be announced.

FFANIAU CLUDADWY - PORTABLE FANS

Please be aware that the Society will **no longer permit** the use of portable electric fans within the sheep building. This rule has been introduced due to Health & Safety, Fire and Welfare reasons. The Society has put in place some protocols in the event of extreme temperatures and the Society's vets will be monitoring the buildings and will take appropriate action if required.

To promote airflow, we kindly ask ALL **exhibitors** for their cooperation by only placing their banners and sheets **on the BACK of their pens**, leaving the sides unrestricted so that the air is able to move freely through the shed.

No Electrical or Battery Powered Equipment are to be used in any of the Sheep Lines (Except Battery Fans).

PARATOI - PREPARATION

To comply with Health and Safety Regulations the use of any substance containing toxic chemicals, including sheep dips, to prepare sheep for showing whilst on the Showground is strictly forbidden. Any defaulter will be asked to leave the Showground and the matter may be put before the Society's Disciplinary Panel for their consideration, with the possibility of the exhibitor being barred for a period deemed appropriate. **The Society reserves the right to take samples to test any substance used on the sheep.**

ARWYDDION BRÏD / BREED BOARDS

To improve the airflow and visual aspect in the Sheep Sheds, exhibitors are now permitted to have one breed board per breed of sheep they have entered with a maximum board size of 4ft x 2.6ft. **Exhibitors are also reminded that breed boards should not contain any content that is not deemed appropriate for a family show.
