1. The Society is pleased to schedule ‘Back to Back’ Dairy Goat shows again this year and hopes that exhibitors will support this new system. Please note that all goats must remain on the showground for the full two days of the event.
2. **The Dairy Goat section will be situated in Exhibition Hall 2 & 4 in 2024. The Society is again pleased to be able to support the use of portable milking machines by exhibitors, if needed. If you need to bring a milking machine, please mark the appropriate box on the entry form but please also contact the chief steward to discuss your needs, to ensure that everyone can be accommodated as far as possible. Please ensure that your milking machine, along with any other electrical items you bring to the Show, complies with Rule 29, and be prepared to produce evidence of testing.**
3. Please familiarise yourself with the RWAS rules at the back of the schedule, in addition to BGS Recognised Shows Regulation 18 (Previously Regulation 19) and abide by them.
4. No entries will be accepted unless entry forms are accompanied by a current CAE Certificate.
5. Exhibitors please further note that we intend to use the new BGS Grassroots software again to assist with correct listings of goat details in the Festival Catalogue, however your assistance with completing your entry forms early and correctly would be much appreciated.
6. Goat exhibitors are reminded to complete the **new EIDCYMRU AML 1 form** or equivalent if you are coming from England or Scotland. Each individual animal identification should be listed on the form. The movement licence must be **FULLY** completed prior to arrival and be ready for inspection at the gate by the Stewards. Exhibitors who are unsure of the requirements are advised to contact their local Animal Health Division Office for further information.
7. The Goat Classes are held under the Rules, Regulations and Recognition of the BGS. All exhibits must be registered with the BGS as in the ownership and in the name of the exhibitor, the registered name and number being quoted on the entry form. (Also, the kidding date for goats in milk).
8. The Society reserves the right, at their discretion, to amalgamate classes which have less than three entries.
9. All goats in milk must be kidded or aborted a minimum of thirty days before the date of the Festival and any Male exhibit one year old and over must be penned in the dedicated male area.
10. **All exhibits must be CAE negative tested and Whole Herd negative tested and current certificates must be submitted with entry form.**
11. No pregnant goat may be admitted to the Showground. In the event of an unforeseen kidding or abortion, the goat must be immediately isolated from other goats. Full details of the goat, exhibitor and action taken must be reported in writing by the Chief Steward to the BGS Secretary, immediately after the Festival.

Goat Health Classification

B Entries will be restricted to those goats with current BGS CAE-monitored status.

W Entries will be restricted to goats from herds that are whole herd negative CAE tested within the twelve months prior to the show. This category may include goats eligible for category B. BGS Regulation 26(b)(i)5 defines "whole herd" for CAE testing purposes. Whole herd negative CAE tested means an entire herd in which all animals over one year old hold a current negative CAE test certificate, and all kids should have a current negative CAE test certificate for their dams. Entries will only be accepted from herds whose CAE blood test results are on BGS submission forms.

Unfortunately, we are unable to accommodate goats from CAE Accredited herds due to not being able to meet the regulation requirements.

Scrapie Monitoring herd scheme will also be approved in the dairy goat section

There will be a minimum two-meter gap between the different health status goats.

Exhibitors are advised that milk that has been passed through the communal weigh bucket should not be fed to kids, as this has been a factor in the spread of CAE in the past.

Exhibitors must ensure that they comply with the requirements of national legislation for Recording, Identification and Movement of goats in force at the time of the Festival.

GOATS NOT ENTERED IN THE SHOW OR NOT CARRYING THE CORRECT HEALTH CERTIFICATE WILL NOT BE ALLOWED ONTO THE SHOWGROUND.

Particular attention is directed to the fact that dates stipulated for the closing date of entries will be very strictly adhered to. **Late entries will NOT be accepted.**

Exhibitors alone are responsible for the accuracy and eligibility of their entries. Entry fees are not returnable to an exhibitor who enters an animal in a class for which it is ineligible or for entries which are withdrawn after the date of entry has expired. Exhibitors are expected to always behave responsibly, any irresponsible misconduct or abuse of Health and Safety regulations by exhibitors to their exhibits, or towards any Society stewards will be dealt with as defined in the current Livestock

Rules & Regulations. All exhibitors should note the Management of Health and Safety at Work Regulations (as amended) 1992, which requires co-operation and co-ordination between all exhibitors and the RWAS. The requirements on both are to carry out adequate risk assessments. It is then necessary to implement any procedures as required by the above legislation and inform all those concerned of these assessments and procedures. **Animals which are known to be wild or fractious by nature must not be brought to the Showground.**

Animals which are subject to restrictions under the Animal Health Act 1981 (as amended), or the Animal and Animals Products (Import and Export) (England and Wales) Regulations (as amended) will not be allowed onto the Showground.

Exhibitors in all sections (except goats) are not permitted to enter an animal in any class, which is to be judged by a person who has or had a financial or other interest in the animal, or which has stood in his or her yard. The onus of complying with this regulation rests entirely on the exhibitor. In all Interbreed Championships the onus rests on the exhibitor to stand down if the interbreed judge has or had a financial or other interest in the animal or if it has stood in his or her yard.

7. DYDDIADAU GENI / DATES OF BIRTH

The ages of the cattle are (except where otherwise specified) calculated on the first day of the Festival, but sheep and pigs will be duly classified by the age estimated from 1st January in each year. The exact date of birth of each animal must, wherever possible, be stated on the entry form, in order that the judges may take the actual ages into consideration in deciding upon the relative merits of the animals in each class.

8. CYFNWIDIADAU / SUBSTITUTIONS

An exhibitor who has made an entry of sheep, pigs, goats, or cattle in a particular class, will be permitted, up to the **17th April** to withdraw the entry of such animal and to substitute for it an entry of another animal in the **same class** which was his or her bona fide property at the time of his or her original entry. In the event of substitution after the Official Catalogue has gone to press, full particulars of the substituted animal shall be displayed on its stall or pen.

10. CLEFYDAU HEINTUS / CONTAGIOUS DISEASES

No animal, even if eligible, can be entered in more than one section. All exhibitors and exhibits should be registered with their respective Breed Society where applicable. All exhibitors must have the physical ability, relevant experience and be competent to handle the animal in their charge at all times.
